

We Make Your Bindings Easier!

Tube Binding Machine **HJ-50B**

The HJ-50B is an economical and rugged automatic drilling and binding machine. It is designed for desktop use of drilling and binding stacks of paper up to 50 mm thick. It drills and binds with two steps that the operator needs to move the drilled documents from the drill position to the bind position for binding. Each step is carried out automatically with just one button push. The HJ-50B is an economical paper drilling and binding machine and is a good choice for users when binding tasks are dealt with.

HJ-50B

Tube Binding Machine

Features

- Max. drill and bind thickness is 50 mm.
- Drilling and binding processes are operated separately. Each step is carried out automatically.
- With Nylon tubes as binding consumables, the durability and security of the bound papers are highly ensured.

Specifications

1. Max. Drill and bind thickness: 50 mm
2. Drill Bit: Φ 7 mm Hollow Drill Bit
3. Drilling: Electric
4. Binding: Electric
5. Max. Power: 350 W
6. Dimensions (L x W x H): 470 mm x 430 mm x 525 mm
7. Net Weight: 28 Kg
8. Power Supply: AC 220V, 50 Hz
